PIGS, by J. W. Reid. 2nd ed. Lond., 1955.
SHEEP FARMING, by A. Fraser. 6th ed. Lond., 1954.
THE STUD AND LAND ANNUAL FOR NEW SOUTH WALES, 1955. Syd., 1955.

WHEAT FARMERS!

Keep your crops free
from choking weeds by
using only the best
of hormone weedicides

More than 2,000 gallons of Kwinana Brand
24D Ester concentrate were used in Western
Australia during 1955

Maximum growth of wheat is obtained if weeds are kept down. Wild Turnip and Radish are the most serious offenders, and both of these are easily controlled by spraying with 24D Ester. One gallon of 40% 24D Ester, mixed with water, treats 16 acres for Turnip, or 12 to 14 acres for radish.

YOUR REWARD . . . A CLEAN HARVEST

- | | | |
|-----|---------------------|-------------------------------|
| "K" | 24D ESTER 40% | for TURNIP, RADISH, ETC. |
| | £3/6/- | per gallon |
| "K" | 24D AMINE 50% | for TURNIP ONLY |
| | £3/16/- | per gallon |
| "K" | D.D.T. 20% | for RED MITE, ARMY WORM, ETC. |
| | £1/12/- | per gallon |

*These and many other agricultural chemicals are
manufactured by...*
